"FINDING that two gentlemen have been unfortunately "engaged in a duel, about a transaction and its circumstances of which both of them are totally ignorant and innocent, I think it incumbent on me to declare (for the prevention of farther mischief, as far as such a declaration may "contribute to prevent it) that I alone am the person who obtained and transmitted to Boston the letters in question. Mr. "T. could not communicate them, because they were never "in his possession; and, for the same reason, they could not be "taken from him by Mr. T. They were not of the nature of "private letters between friends; they were wrote by public "officers to persons in public station, on public affairs, and intended to procure public measures; they were therefore "handed to other public persons who might be influenced by "them to produce those measures: their tendency was to incense the Mother Country against her Colonies, and, by the "laws recommended, to widen the breach, which they effected. "The chief caution expressed with regard to secrecy, was, to "keep their contents from the *Colony Agents*, who the writers apprehended might return them, or copies of them, to "America. That apprehension was, it seems, well founded; "for the first Agent who laid his hands on them, thought it "his duty to transmit them to his constituents.

CHARLES-TOWN, MARCH 7.

On Tuesday last the General Assembly of this Province met pursuant to their Prorogation; when John Izard, Esq; for the Parish of St. James, Goose-Creek, and Jacob Motte, Esq; for St. Helena, took the Qualification Oaths and their Seats; and His Honour the Lieutenant-Governor, was pleased to open the Session with the following Speech.

Honourable Gentlemen of His Majesty's Council,
Mr. Speaker, and Gentlemen of the Assembly,

HE several Murders, which have been committed by a Party of the Creek Indians in Georgia, on the 24th of December, 14th and 23d of January last, gave Room to apprehend that a general War with that Nation was almost inevitable. The first Account thereof naturally spread Alarms in this Province. I immediately gave Orders to reinforce the Garison of Fort Charlotte, I encouraged the building of Stockade Forts along our Southern and Western Frontiers, to afford a safe Retreat to the Women and Children, and sent Ammunition to Ninety-Six, and ordered it to be distributed from thence and Fort-Charlotte, to the poorest of the Militia, that they should be under no Necessity of abandoning their Settlements for Want of it. The Militia are doing scouting Duty on the Banks of Savannah-River, that the Rest of the Inhabitants may attend their Affairs in some Security.

Sir James Wright, Governor of Georgia, and Mr. Stuart, His Majesty's Superintendant for Indian Affairs, inform me, that the Creek Nation in general, disavow these Outrages, and blame the Rashness of the few Indians who perpetrated them, and hope that no more Mischief will be done. But as, according to the Treaties subsisting between the English and Indians, each Nation are to punish such of their People, as shall commit any Murders or Crimes against the other; it is just, that Satisfaction should be made by the Indians—It is necessary, that they may be deterred from a Repetition of such in future. With this View Sir James Wright, has applied to me for Assistance to enable him to take Satisfaction, in Case it shall happen to be refused, as that Province alone is scarce equal to the Undertaking. It is His Majesty's Pleasure and our Duty that such Aid should be given in such Cases as the Condition and Safety of the Province can spare. I therefore recommend this Matter to your serious Consideration, as, with an Assurance of our Assistance, Sir James Wright, will be able to speak with a higher Tone in the Conference soon to be held with the Head Men of the Creek Indians upon these Matters, and they may be more readily disposed to give Satisfaction, if they see that the Infraction of Treaties or Injuries done to one Province will be resented by the neighbouring Province.—I shall not mention at present other Matters relating to the Welfare of the Province, but propose them hereafter as Occasion may offer.

Mr. Speaker and Gentlemen of the Assembly,

As by the scouting Parties on the Frontiers, some Tranquillity is enjoyed by the other Inhabitants, it is reasonable the Burthen of that Service should be borne by the Province in general. I therefore recommend that Provision may be made for two or three small Companies of Rangers to be employed therein, until this Difference with the Indians is settled. I must desire you to make Provision for all these Measures, not only expeditiously but effectually; for although all at present is quiet, from Hopes entertained by the Indians, that on their promising no farther Mischief shall be done, what is passed will be overlooked; yet hostile Incursions of the Enemy may be expected, when they find a Satisfaction, which will be honourable to the English Name, and secure our future Tranquility, will be peremptorily required, and they may not incline to give it.

Honourable Gentlemen of His Majesty's Council,
Mr. Speaker, and Gentlemen of the Assembly,

At this important Conjuncture, Unanimity and Dispatch are particularly necessary; you may be assured that I shall do every Thing on my Part to carry into immediate Execution, every Measure you shall advise for the King's Service, and the Honour and Safety of the Province, and communicate the same to Sir James Wright without Loss of Time.

March 1*st*, 1774. WILLIAM BULL.

SOUTH-CAROLINA.

To the Honourable WILLIAM BULL, *Esq; Lieutenant-Governor and Commander in Chief in and over his Majesty's said Province.*

The Humble ADDRESS *of the* UPPER HOUSE *of* ASSEMBLY,

May it please your Honour,

WE His Majesty's dutiful and loyal Subjects, the Upper House of Assembly, beg Leave to address your Honour on your Speech delivered Yesterday to both Houses.

The Murders lately committed by a Party of the Creek Indians in Georgia, give the justest Reason to apprehend a general War with that Nation must be the Consequence; and therefore we rejoice to find, from the Information communicated to your Honour by Sir James Wright and Mr. Stuart, that the Nation in general disavow those Outrages, and blame the Rashness of a few young Men who perpetrated them; we return your Honour our Thanks for the immediate and well adapted Measures taken by your Honour to quiet the Alarm spread through the Frontiers, and to enable the Inhabitants to repel the Depredations of those Barbarians, if on the more favourable approaching Season they should attempt to renew their hostile Incursions.

We concur in Opinion with your Honour, that Justice and Policy both require that adequate Satisfaction, as stipulated by Treaty, should be made by the Indians for the Outrages already committed; and we assure your Honour, that in Case of a Refusal on their Parts, this House will zealously adopt such Measures as will not only compel them thereto, but deter them from such Attempts for the future; and whatever other Matters relative to the Welfare of the Province, which Honour shall be pleased at any Time to propound to our Consideration, shall meet with due Attention and Regard.

By Order of the House,
EGERTON LEIGH, *President.*

In the Upper House of Assembly, }
the 2d Day of March, 1774. }

The LIEUTENANT-GOVERNOR'S ANSWER.

Honourable Gentlemen,

I GIVE you my cordial Thanks for this Address. I am happy that you approve the Measures I have taken to quiet the Alarm spread on our Frontiers. My best Endeavours are due and are always devoted to the Service of this Province.

The Zeal which you express to adopt all such Measures as shall be necessary on the present Occasion, and to give a due Attention to such other Matters as I shall propound, demand my warmest Acknowledgments.

March 3*d*, 1774. WILLIAM BULL.

To the Hon. WILLIAM BULL, *Esq; Lieutenant Governor, and Commander in Chief in and over this His Majesty's Province of* SOUTH-CAROLINA.

The Humble ADDRESS *of the* COMMONS HOUSE *of Assembly of the said Province.*

May it please your Honour.

WE His Majesty's most faithful Subjects the Commons House of Assembly, beg Leave to offer our Thanks for your Honour's Speech delivered in General Assembly on Tuesday last; and for the Measures taken by your Honour, for the Security of our Frontiers to the South and Westward.

The House will forthwith proceed to the Consideration of the several very important Affairs recommended in your Honour's Speech; and your Honour may be assured that nothing on our Part, shall be wanting, to promote His Majesty's Service, or the Safety, Honour and Interest of this Colony.

In the Commons House of Assembly, }
the 3d Day of March, 1774. }

By Order of the House,
RAWLINS LOWNDES, *Speaker.*

To which His Honour was pleased to return the following
ANSWER.

Mr. Speaker, and Gentlemen,

I Desire you to accept my hearty Thanks for this Address. It gives me much Satisfaction that the Measures I have taken for the Security of our Frontiers meet with your Approbation.

The Assurances you give me of your Readiness to take into Consideration, the Matters I have recommended, and to promote His Majesty's Service, and the Safety, Honour and Interest of this Province, are very acceptable to me.

March 3*d*, 1774. WILLIAM BULL.

On Monday last, William Sherlock, Mathew Dempsey and James Burns, were whipt at the Four usual Corners, pursuant to their Sentence.

On Tuesday, John Thompson, was whipt and stood in the Pillory—and on Wednesday, Richard Thompson, the same, pursuant to their Sentence.

John Thompson and Richard Thompson, are to stand in the Pillory again—the former To-morrow, and the latter on Friday next.

On Wednesday last John Wigfall, Esq; for the Parish of St. Thomas and St. Dennis, took the Oaths and his Seat in the Hon. Commons House of Assembly.

Last Tuesday Evening Edward Rutledge, Esq; was married to Miss Henrietta Middleton, eldest Daughter of the Hon. Henry Middleton, Esq.

Miss Hester Middleton, mentioned in our last to be married to Charles Drayton, Esq; M. D. is *second* not *third* Daughter to said Hon. Mr. Middleton.

By the Le Despencer Packet Boat, in 45 Days from Falmouth, we have Advice of the Meeting of the Parliament on the 13th of January, and the Session having been opened by a Speech from the Throne, in the usual Stile. And that the Russians have been so successful in their War against the Turks, that we need not be surprized if, in the Course of the current Year, we should hear, that the Grand Seignor is removed from Constantinople.

Thursday, Friday and Saturday last, we had an incessant Fall of heavy Rain, accompanied the two first Days with so violent a Storm of Wind, that there is Reason to fear, we shall hear of much Damage being done thereby.

Quantity of Rice exported since the 1st of November last, to this Day inclusive, 39,289 Tierces.—Current Price per 100lb. Fifty-five Shillings.

*** *The excessive Badness of the Weather on* Thursday, *rendered the intended* GENERAL MEETING *of the Inhabitants on that Day,* impracticable, *(as it was also on the two following Days) and has occasioned* AN ADJOURNMENT *thereof, to* WEDNESDAY NEXT, *the* 9*th Instant—when, according to the Hand-Bills which are stuck up, "every Man who has the "Good of his Country at Heart, and who "wishes to see those inestimable Rights and "Privileges, to which the English Constitution has given him a just Claim (and "which his Ancestors have hitherto preserved) handed down to and enjoyed by his Posterity, is invited to attend at* LIBERTY-"TREE, *at 9 o'Clock in the Morning—or, "in Case the Weather should then again render the Meeting impracticable, on the first "fair Morning after, at the same Place "and Hour."*

The Sons of *St. David* have this Year overlooked the Anniversary of their Patron Saint.——The Anniversary of the Patron of *Ireland*, which will be the 17th Instant, we are told, will not be so neglected by the Sons of ST. PATRICK.—And the Anniversary of the Repeal of the American Stamp-Act, March the 18th, we hear, will be observed here, by many of the Sons of Liberty.

Besides the *stupendous Work* now nearly completed by Christopher Gadsden, Esq; at the North End of this Town, upon *Cooper River*, and which is reckoned the most extensive of the Kind ever undertaken by any one Man in America; it is amazing, to observe the other Improvements that have within a very few Years past been made here, and are daily carrying on.——For Instance—In less than three Years *another Wharf*, (equal to the best on the Eastern Bay) upon the same River, on the South Side of the Fish-Market, with a Dock, Stores, and other Buildings, is near completed, by Mr. Samuel Prioleau, jun. while *another* is carrying out, on the North Side of said Market, by John Gaillard, Esq. In the same Period, a *grand Assembly-Room* has been built; and within Six Months past, an *elegant Theatre* established (by which a Company of Comedians are handsomely supported) upon the very Spot where an established Church formerly stood. All *White-Point*, which for many Years was almost a desolate Spot, is lately almost covered with Houses, many of them very elegant. In other Parts of the Town, it is computed, that within five Years, upwards of 300 Houses have been built, and are building. And upon *Ashley-River*, on the *South Bay*, where we cannot learn, that there ever was a Wharf whereat Vessels of any considerable Burthen could lie and load, no less than *three* are now carried or carrying out; the first, by William Gibbes, Esq; which has been begun only two Years since, extends 800 Feet into the River, and is so nearly completed, that no less than 4 Vessels have already been loaded thereat, viz. 2 Sloops, 1 Brigantine, and the Ship Mermaid, Burthen 1000 Barrels of Rice, just cleared out for Gosport, which has hawled off at a neap Tide; the *second*, is carrying out by Captain Edward Blake, to the Eastward of Mr. Gibbes's; and the *third*, by Captain Robert Mackenzie, to the Eastward of Captain Blake's. Within the same short Period, we have the Pleasure to observe, that several excellent *Academies* have been established for the Education of the Youth of this Province, who are very numerous; and that great Attention is also paid to the *fine Arts*,—the St. Cœcilia Society having warmly patronized *Music*; whilst many Gentlemen of Taste and Fortune, are giving the utmost Encouragement to *Architecture*, *Portrait-Painting*, and the ingenious Performances of the *first* capital *Landscape-Painter* that has visited America, whose Works will do him Honour.—And shall it be said, that *such a People, will suffer themselves to sink into slavery?*
